

## Group 3: Sprint 5 Review Report

Aaro Jylhämäki, Juhana Hänninen, Leevi Rinnetmäki, Nea Lukumies

### What has been done

- User Interface Localisation:
  - Translation of texts to Arabic and Ukrainian
  - Resource bundle for English, Arabic and Ukrainian
  - Language selection functionality in UI
  - Correct text direction (RTL for Arabic, LTR for English and Ukrainian)
- Backlog update & acceptance criteria:
  - User stories for Arabic and Ukrainian speaking students
  - English language is default and language change is seen immediately
- GitHub README.md:
  - Instructions for language change and how localized versions run
  - Localisation resources explained
- Sprint 6 plan done in Trello

### What is in progress

- Sprint 5 review summary report:
  - Update if needed based on discussions at review
- Sprint 6 starts: database localization, code review, code clean-up, acceptance testing

### Obstacles we faced

- No obstacles
